

TO THE FRIO COUNTY VOTERS IN SUSPENSE:

Questions about Suspense:

Q. My registration status says Suspense; what does this mean?

A. Suspense means that the registrar is not certain of your residential address. If the registrar has reason to believe that a voter's current residence is different from that indicated on the registration records, then the registrar shall deliver to the voter a written confirmation notice requesting confirmation of the voter's current residence. When a Notice of Address Confirmation is sent, the voter automatically is put on suspense. As a common practice, a Notice of Address Confirmation is sent (and an individual is placed on suspense) when:

1. The voter's registration certificate has been returned as non-deliverable;
2. A Jury Summons is returned as non-deliverable; or
3. Any mailing that was sent to the voter was returned as non-deliverable.
4. The voter registrar has received information indicating the voter no longer resides at the address on the voter's record.

Q. Will I still be allowed to vote if my status is listed as Suspense?

A. YES. A voter whose status is on suspense is eligible to vote in an election provided that the voter completes a Statement of Residence either when voting by mail or at the polls prior to voting (within the same county as the voter's current registration) or (if the voter has moved to a new county) completes a Limited Ballot application during Early Voting at the main early voting polling place. A voter on Suspense who has moved within the same county would be allowed to vote on Election Day by returning to the precinct in which the voter previously resided and completing a Statement of Residence at that time. A voter may also complete a Voter Registration Application to update his/her address prior the Registration Cutoff deadline for any election and send the newly updated application to the **Voter Registrar** in the county in which the voter resides.
